

**Attend Conference**

Forest G. Murdock, El Camino College president, H. J. Sheffield, director of student personnel, and Dr. Lyle Tussing,

director of instruction, attended a three-day conference of California State Junior College Association meeting in Bakerfield last week.

**PADS FOR PEDALS**

Your old car will be easier and safer to drive, advises the National Automobile Club, if you remember to get new rubber pads for the brake and clutch pedal if they are entirely gone or if what is left of them is nothing more than a fargle skee-ton. It is surprising what a difference this small, inexpensive item makes in the feeling of sureness with which you can handle the car.

**Ballroom Dancing Class Started at Night School**

The formation of a class in ballroom dancing was announced by Donald Manashaw, director of Torrance School of Adult Education. To be held each Tuesday and Thursday nights from 7:30 to 9:30 starting December 6, the instructors will be Martha Jane and Edward T. Ricks, popular professional dance instructors.

The fox trot, waltz, rumba, tango, and samba will be featured in the course, together with any requests of the students.

"This is a wonderful opportunity for adults to engage in wholesome, worthy, social effort," said Manashaw, "an opportunity that people should not miss."

Classes will be held at the Three Arts Studio, adjacent to Torrance High School. Students should go direct to the studio and register at 7:30, beginning, December 6.

**Former Reporter Spends Holidays With Relatives**

Bob Brown, former reporter for the Torrance Herald and currently a student at San Jose State College, spent the four-day Thanksgiving holiday weekend in Torrance and San Pedro visiting with relatives. He returned to college Sunday with a group of other Southern students to resume his journalistic studies.

**Source of Blast In North Area Still Unknown**

A cloak of mystery still surrounds an explosion which Tuesday night startled residents of the North Torrance area. Police phones were kept ringing with inquiries after a reported blast was heard as far away as five miles from its suggested "center." Police believe the explosion occurred somewhere in the vicinity of the 2000 block on West 203rd street.

Police called all industrial plants in the area, and set patrols out to pick their way around the city in search of blast evidence. However, heavy fog hampered their operations.

**New Steno Class Times Announced**

New time for shorthand classes at Torrance School of Adult Education will be Tuesday and Thursday, 7:30 to 8:30 p. m. for beginners, and 8:30 to 9:30 for advanced students, it was announced by Donald Manashaw, Director of Adult Education.

A typing class for both new and advanced students will be held on Monday and Wednesday, from 7 to 9.

**'Remember Pearl Harbor' Asks DAV Commander**

As part of a special observance planned for next Sunday, December 4, marking the eighth anniversary of Pearl Harbor Day, the Disabled American Veterans—South Bay Chapter 92 are urging residents of this community to give special thought to the problems of disabled veterans, according to James G. Caldwell, Commander of the Chapter. He said a special induction of new members is planned during the week. DAV Day was established in 1945, at the conclusion of World War II, by Presidential Proclamation. It was originated at the suggestion of the DAV to bring to the attention of the nation on the anniversary of Pearl Harbor Day the great number of men and women disabled and killed in that war.

**SUICIDE VICTIMS**

Three times as many men as women commit suicide, according to the Britannica Book of the Year.
